

Would you walk
across mountains
& deserts for a job?

Stop **OPERATION GATEKEEPER!**

On May 20 fourteen men and boys died of exposure in the Arizona desert. They were crossing the u.s.-Mexico border to find work. "Operation Gatekeeper" stops all foot traffic across the border in safer areas and forces migrants to cross in the most dangerous areas.

no one should have to risk
their life to look for work

Endorse and distribute a petition against
"Operation Gatekeeper" and similar
repressive measures along the border!
